RATE AND FEE SCHEDULE
All prices in US Dollars

Monthly Rate Blocks

1	Water (per 1,000 gallons)	20.50	Minimum charge is $41, which includes up to 2,000 gallons. Usage rounded up to next 1,000 gallons. Note: The District does not prorate. Subject to transaction privilege tax (sales tax) of currently 5.85%.
2	Standby Fee	25	Billed monthly; no water will be available. Also requires a Switch to Standby Fee and Switch from Standby Fee. Note: The District does not prorate.

Other Fees*

3	New Account Fee	100	Fee is due at the time of application for service.
4	Meter Installation Copay	1,000	If there is no usable connection to the property, this fee is charged in addition to the new account fee. Due at the time of application for service.
5	Refundable Deposit	150	Due at the time of application for service.
6	CURRENTLY NOT IN USE		
7	Switch to Standby	25	Turning off and locking the meter saddle service valve per customer request. Only padlocks provided by the District are allowed on the meter. Locks not installed by the District will be removed by whatever means necessary and replaced with District locks.
8	Switch from Standby	25	Removing the lock and turning on the meter saddle service valve per customer request, so that water is available.
9	Late Fee	8	Charged on the day after the due date per billing statement on all late accounts.
10	Disconnect Fee	75	Charged to delinquent accounts that are disconnected for non-payment.
11	Reinstatement Fee	175	Charged to delinquent, disconnected accounts when customer requests to be reconnected. Due at time of reinstatement together with all outstanding charges including disconnect fee.
12	Returned Check Fee	35	
13	Third-Party Meter Testing Fee	50	Meter tested per customer request.
14	Special Meter Reading Fee	10	Meter reading requested by customer.

*Except otherwise noted, all fees are charged to the customer's account and are due with the next billing statement.
